Ukraine favours closer business ties with India

Ukraine is looking for closer tie-ups with Indian entrepreneurs in automotive, alternative medicine and energy sectors, Ambassador of Ukraine in India, Oleksandr Shevchenko, said here on Thursday.

New opportunities

Interacting with local entrepreneurs at a meeting organised by the Confederation of the Indian Industry (CI) here, he said that his country has strong tie-ups in Indian aerospace industry and is looking forward to strengthen trade-business relations with India by exploring opportunities in other important sectors.

They were interested in chemical industry, metallurgy, tourism, alternative medicine, mobile power generation, oil and gas, education and others, he said. Business relations with India are a priority in their new agenda for growth, the ambassador noted.
